GLP Advanced Practitioner Workshop

Mar 14, Apr 07, May 12, Jun 08, Jul 12, Sep 13, Oct 12, Nov 15

The Advanced Practitioner Programme addresses the “what next” questions of the GLP and Action-Inquiry Certification Workshop towards developing a wider community of practice and inquiry. It will:

- Enlarge your own capacity as a leader
- Enhance your ability to land vertical development in organisations
- Deepen your coaching capability
- Expand your repertoire of tools and insights
- Enable you to more habitually practice action-inquiry, developmental fluidity, and to more fully inhabit the action-logics available to you

Exploring much deeper than GLA’s Certification programme, this workshop will accelerate your understanding and practice of the GLP and Action Inquiry at individual and group levels. It will also explore developmental themes that are experienced personally and across organisations – and how you might shift them.

We’ll look, for example, at themes of Power and Time and see how they are undercurrents in our lives and organisations. Case studies, peer reviews and hands-on-practice will enable practitioners to take this work to a new level of understanding.

You will engage in a deep dive into the theoretical and practical elements of developmental action-logics. It is therefore essential that you are actively engaged with this work; debriefing, discussing and integrating developmental action-logics into your leadership practice, coaching or consulting.

This programme is suitable for leaders, corporate leadership & OD practitioners, coaches and consultants. A prerequisite is attendance at the GLP certification workshop (or equivalent).

This programme will consist of:

8 x workshop modules run over 9 months, of 2.5 hours in duration, involving inputs, GLA facilitation and break out discussions.

Topic groups with your fellow delegates. We are looking for an exercise or experiment that will result in a presentation that you may even pilot with real clients. These groups will have support from the GLA team.

Personal reflection & transformation – following our curriculum with new material each month and enabling you to more fully inhabit action-inquiry.
