GLP Advanced Practitioner Workshop

2023 – Mar 08, Apr 20, May 11, Jun 08, Jul 12, Sep 13, Oct 11, Nov 15

The Advanced Practitioner Programme addresses the “what next” questions of the GLP and Action-Inquiry Certification Workshop towards developing a wider community of practice and inquiry. It will:

- Enlarge your own capacity as a leader
- Enhance your ability to land vertical development in organisations
- Deepen your coaching capability
- Expand your repertoire of tools and insights
- Enable you to more habitually practice action-inquiry, developmental fluidity, and to more fully inhabit the action-logics available to you

Exploring much deeper than GLA’s Certification programme, this workshop will accelerate your understanding and practice of the GLP and Action Inquiry at individual and group levels. It will also explore developmental themes that are experienced personally and across organisations – and how you might shift them.

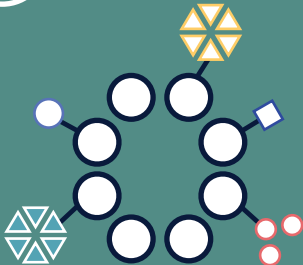

We’ll look, for example, at themes of Power and Time and see how they are undercurrents in our lives and organisations. Case studies, peer reviews and hands-on-practice will enable practitioners to take this work to a new level of understanding.

You will engage in a deep dive into the theoretical and practical elements of developmental action-logics. It is therefore essential that you are actively engaged with this work; debriefing, discussing and integrating developmental action-logics into your leadership practice, coaching or consulting.

This programme is suitable for leaders, corporate leadership & OD practitioners, coaches and consultants. A prerequisite is attendance at the GLP certification workshop (or equivalent).

There are three streams for this Advanced Practitioner Programme:

1

8 main programme sessions run over 9 months, of 2.5 hours in duration, involving inputs, GLA facilitation and break out discussions.

2

Advanced Labs
These discussion sessions will be topic based and feature between the main programme sessions.

3

Project group sessions
These small, self-organised groups will work on a project throughout the Programme with a virtual presentation at the end of November 2023.
