# Vertical Leadership Development, Action Inquiry and the Global Leadership Profile (GLP) Certification Programme

This enhanced, deep dive programme is ideal for business leaders, consultants, coaches, researchers and sustainability practitioners who wish to further their personal development and learn about:

- Action-logics – the developmental paradigms through which we think and act
- The power and practice of Collaborative Developmental Action Inquiry—the only approach statistically confirmed as reliably generating both personal and organisational transformation.

All participants take the ground-breaking tool, the **Global Leadership Profile (GLP)** and receive feedback on their centre-of-gravity, emergent and fallback leadership action-logics. Those who wish to become authorised to use and debrief the **GLP** with their clients are required to participate in this programme and a short follow-up Certification module.

## Our Enhanced Workshop Experience

At our events, you will benefit from the dynamic and interactive conversation and experience from other participants such as HR specialists, Leadership & Development experts and academics who will be together with you throughout.

Together you will learn practical ways to help yourself and others:

- Assess current leadership action-logics—the centre-of-gravity, emergent and fallback perspectives that guide action and influence results
- Become conscious of and shift action/ mental/ emotional habits that are limiting effectiveness

- Exercise personal power with greater flexibility and mutuality to generate personal and organisational transformation
- Develop collaborative practices that increase mindful, relational and cultural intelligence in the wider organisation
- Build capacity to lead from the inside out, confidently responding to the deepest calls of our human nature and of the natural world that holds us.

Your facilitation team, with their rich experience, will be on hand to answer any questions and to support your on-going inquiry through a number of additional, online Inquiry Lab sessions, a pre-course meet and post-programme check-in.
